Video Storyboard Planning

What do you want to say in your one-minute video and how will you make it memorable? Decide on images/live action and narration for key video scenes.

Plan out your video by adding ideas to each of the boxes on the table below:

- A. Type the section "name" of your video and the approximate filming time. For example: Intro - 5 seconds
- B. Insert a drawing or image (take a picture and upload) or type live action directions to represent what this section will look like.
- C. Type what you are going to say (*and who is speaking*) during this section of the video.
